Workplace Expectations

All LVCS employees are expected to meet the following work expectations as a basis for continued employment:

Attendance and Punctuality: LVCS employees shall regularly attend work and work activities. Regular attendance is 95% or better or prorated to time worked. This does not include bereavement, jury duty, or FMLA/OFLA, and PFMLA. Employees are expected to be punctual in meeting deadlines, attending meetings, following schedules, and responding to communications. Please check your email daily for important announcements. Employees are also expected to be at their designated worksite during the prescribed work hours.

Collaboration & Mutual Respect: The employee shall demonstrate relationships with others (i.e., including, but not limited to staff, students, parents, patrons, and expected guests) that are characterized by mutual support, cooperation, courtesy, and that build a school culture of collaboration focused on student learning.

Confidentiality: Administrators, licensed staff, and office managers have significant access to information, including test scores, grades, behavioral records, and other personal data, including other family members. The employee shall maintain the integrity of confidential information relating to a student, family, colleague, or district patron. The employee uses or relays personal information only when performing assigned responsibilities and in the best interest of the individuals involved.

Setting Appropriate Personal Boundaries with Students: The employee shall maintain professional boundaries in their relationships with students, including the use of appropriate language and appropriate physical contact. Interacting with students through email, text messages, or social networking sites is strongly discouraged.

Personal Appearance: Staff must be neat, clean, and appropriately dressed for their assigned job.

Following Policies and Directives: LVCS employees follow all supervisor policies, rules, regulations, memos, bulletins, announcements, applicable position descriptions, and reasonable requests by the Executive Director.

Communication: All LVCS employees should check their email daily during the work week.

ABSENCES

All staff members unable to report to work must notify (by text) the Executive Director, Building Principal, Business Director, and Office Managers as soon as possible to ensure that appropriate coverage can be arranged.

Daniel Shimek – 503-871-2145
Tammy Pryce – 503-409-4069
Cali Beasley – 503-930-4506

In addition, the staff member shall use the Frontline Absence Management system to enter all absences or requests for personal leave. You are responsible for posting an absence in a timely matter. A call list of registered substitute staff is available through the Frontline system.

Substitute coverage for absences during work hours due to illness or emergency will be arranged as needed upon notification to the administrator.

Personal Leave

Every employee has two personal leave days to be taken individually (not consecutively) during the school year. Personal leave days don't accrue to the following year. The Executive Director must approve all individual leave requests. Taking a personal leave day before a school vacation or when Monday is a holiday is discouraged, but some exceptions can be made. Schedule a time to discuss your situation with the Executive Director.

No personal leave days will be approved 30 calendar workdays before the end of the school year.

Vacations during the school year

Using leave time for vacations during the school year is discouraged because it interrupts our students' education and can disrupt your colleagues' work schedules. The ripple effect of an extended absence of one staff member can be significant. Using personal and sick days for a vacation can also create a potential problem if you become ill and have used most or all your available leave time. Taking unpaid vacation time does not solve the potentially negative impact of your absence. Licensed and classified work 154 days per year. Therefore, there is ample time to take extended vacations outside your work calendar.

If there is a compelling reason for you to take a vacation during the school year, please make an appointment with the Executive Director to discuss your situation. You can proceed with your travel plans if your vacation request is approved.

ABUSE OF A CHILD REPORTING

Abuse of a child by public charter school employees, contractors⁴, agents⁵, volunteers⁶, or students is prohibited and will not be tolerated. All public charter school employees, contractors, agents, volunteers, and students are subject to Board policy, GBNAB/JHFE – Reporting of Suspected Abuse of a Child, and the accompanying administrative regulation.

All staff will be required to participate in annual training in preventing and identifying child abuse and reporting obligations.

Any staff member with reasonable cause to believe that any child with whom the employee has come in contact has suffered abuse or neglect shall immediately report or cause an oral report immediately to the **Oregon State Child Abuse Hotline 885-503-7233**.

Any public charter school employee who has reasonable cause to believe that **any adult or student** with whom the employee is in contact has abused a child shall immediately report or cause a report to be made in the same manner to the Oregon State Child Abuse Hotline, its designee, or to the law enforcement agency within the county where the person making the report is located at the time of the contact.

Any public charter school employee who has reasonable cause to believe that **another public charter school employee, contractor, agent, volunteer, or student** has engaged in abuse or that a student has been subjected to abuse by another public charter school employee, contractor, agent, volunteer, or student shall immediately report such to the DHS, its designee, or the local law enforcement agency according to ORS419B.015, and to the designated licensed administrator.

All Staff will be released from their duties to make the report. Written documentation of this report, located in the school office and in your staff binder, must be completed and submitted to one of the following:

Designated - Christine Wilkins
Alternates – Daniel Shimek, Mallory Hasart

Failure to report a suspected abuse of a child or to comply with the confidentiality of records requirements is a violation punishable by law and public charter school disciplinary action up to and including dismissal. Based on reasonable cause, a staff member who participates in making an abuse of a child report in good faith shall have immunity from civil or criminal liabilities that might otherwise be incurred or imposed as provided by law. Intentionally making a false report of abuse of a child may be a Class A violation.

A substantiated report of abuse against an employee shall be documented in the employee's personnel file.

⁴ "Contractor" means a person providing services to the public charter school under a contract in a manner that requires the person to have direct, unsupervised contact with students.

⁵ "Agent" means a person acting as an agent for the public charter school in a manner that requires the person to have direct, unsupervised contact with students.

⁶ "Volunteer" means a person acting as a volunteer for the public charter school in a manner that requires the person to have direct, unsupervised contact with students.

CARE/USE OF PUBLIC CHARTER SCHOOL PROPERTY

All staff members are encouraged to exercise continuous and vigilant care of all public charter school-owned property. For theft and damage, such items as computers and video equipment are priority items.

Incidents of theft or willful destruction of public charter school property through vandalism or malicious mischief should be reported immediately to the administrator.

Public charter school equipment may be checked out by staff over the summer. Such equipment may not be used for personal financial gain or avoidance of personal financial loss. An equipment use form must be submitted and approved. Forms are available in the office. In the event of loss or damage, a fee will be assessed by the public charter school according to the repair or replacement costs.

Oregon Government Ethics Commission (OGECE), ORS Chapter 244

CASH IN PUBLIC CHARTER SCHOOL BUILDINGS

Money collected by staff due to fundraisers or other school-related purposes is to be deposited in the office whenever the sum accumulated on any day by a class, staff member, or others exceeds \$25. At no time are substantial amounts of money to be kept overnight or held during holidays or for long periods in classrooms. Two persons shall be involved in cash counts with both names noted in the receipt.

Board Policy: DH

CLASSROOM SECURITY

When leaving the classroom, or other work areas between classes or at the end of the day, teachers are expected to turn out the lights and secure all doors and windows.

Staff shall refrain from keeping personal items of value in or about their desks. Purses should never be left unsecured. Teachers should instruct students to leave valuable items at home. The public charter school will not be responsible for the loss of or damage to personal property due to such causes as fire, theft, accident, or vandalism.

If you are the last one on the campus, set the alarm in the main building at both campuses and close the entry gates at Bridgeport.

COMMUNICABLE DISEASE/BLOODBORNE PATHOGENS/INFECTIONS CONTROL PROCEDURES

The public charter school protects against the risk of exposure to a communicable disease to all staff while engaged in their duties. Reasonable protection is generally attained through immunization and exclusion by Oregon law, the local health department, or the Communicable Disease Guidance published by the Oregon Department of Education and the Oregon Health Authority. Infection control procedures, including provisions for handling and disposing of potentially infectious materials, have also been established through Board policy and administrative regulations for staff and student protection.

All staff shall comply with measures adopted by the public charter school and all rules set by the Oregon Health Authority and the local health department.

Staff members are responsible for reporting to the public charter school when infected with an infectious disease unless otherwise stated by law.

HBV/Bloodborne Pathogens Training and Immunization

Staff members designated as primary first-aid providers or who may otherwise incur occupational exposure to blood or other potentially infectious materials in conjunction with their assigned duties as determined by the public charter school will receive appropriate information and training as follows:

1. At the time of initial assignment to tasks where occupational exposure may take place;
2. At least annually thereafter and within one year of their previous training;
3. Changes such as modification of tasks or procedures or new tasks or procedures affect the staff member's occupational exposure.

Additionally, HBV vaccination and vaccination series will be made available after training and within ten days of initial assignment to all staff that the public charter school has identified as having occupational exposure. Report any occupational exposure to bloodborne pathogens to the Executive Director. Following a report of an exposure incident, the public charter school will immediately make a confidential post-exposure evaluation and follow-up with the exposed staff member.

Employees who use medical sharps in the performance of their duties (e.g., administering injectable medicines to students, such as epinephrine and glucagon) will annually be provided an opportunity to identify, evaluate and select engineering and work practice controls (e.g., sharps disposal containers, self-sheathing needles, safer medical devices, such as sharps injury protections and needleless systems). The public charter school will implement such work practice controls as appropriate.

Infection Control Procedures

Appropriate hygienic and sanitation practices have been established by the public charter school as follows:

Standard precautions are to be consistently followed. Standard precautions require the assumption that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV, HBV, and/or bloodborne pathogens;

- Whenever possible, students would be directed to care for their minor bleeding injury. This includes encouraging students to apply their own band-aids. If assistance is required, band-aids may be used after the removal of gloves if the caregiver will not come into contact with blood or wound drainage;
- Food and Drug Administration (FDA) approved gloves are required for all tasks in which an individual may come into contact with blood or other potentially infectious materials. Such duties include cleaning fluid body spills, emptying trash cans, handling sharps/containers, handling contaminated broken glass, cleaning contaminated equipment, and handling contaminated laundry/clothing. This also includes assisting with any minor wound care, treating bloody noses, managing clothes soiled by incontinence, diaper changing, and cleaning up vomit;
- Immediate, complete, and adequate hand washing with soap and running water of at least 30 seconds duration should follow any first aid or health care given to a student or contact with potentially infectious materials;
- If exposure to blood or other potentially infectious materials occurs through coughing, any first-aid procedure, or through an open sore or break in the skin, thorough washing, preferably with a germicidal soap, is necessary;
- In the event hand-washing facilities are not readily available, thorough cleaning using an antiseptic cleanser and clean cloth/paper towels or antiseptic towelettes provided by the public charter school as an alternative is necessary. In the event alternatives are used, hands must be washed with soap and water as soon as feasible;
- Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after completion of procedures; immediately or as soon as feasible when surfaces are overtly contaminated or after any spill of blood or other potentially infectious materials; and at the end of the work shift if the surface may have become contaminated since the last cleaning. Clean surfaces with soap and water and then rinse with an Environmental Protection Agency (EPA) approved disinfectant following labeling instructions for use, or a freshly-made solution of one part bleach to nine parts water, and allow to air dry;
- An EPA-approved disinfectant must be used when cleaning fluids such as blood or vomit from the floor or other such contaminated surfaces;
- Contaminated laundry such as clothing and towels must be placed and transported in bags and containers by the school's standard precautions. All such items must be laundered in hot or cold water and soap and placed in a dryer;
- Needles, syringes, broken glassware, and other sharp objects found on public charter school property must not be picked up by students at any time, nor by staff without appropriate puncture-proof gloves or mechanical devices such as a broom or dustpan;
- All wastebaskets used to dispose of potentially infectious materials must be lined with a plastic bag liner that is changed daily;
- Gloves and repellent gowns, aprons, or jackets are required for tasks in which exposure to blood or other potentially infectious materials can be reasonably anticipated to contaminate street clothing. The type and characteristics of such protective clothing will depend on the task. Such tasks may include diapering/toileting with gross contamination, assisting with wound care, sorting or bagging contaminated laundry/clothing, and disposing of regulated waste with gross contamination;
- Maximum protection with gloves, face and/or eye protection, and gowns are required whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose, or mouth contamination can be reasonably anticipated. Such tasks may include feeding a student with a history of spitting or forceful vomiting and assisting with severe injury and wounds with spurting blood; If a first-aid situation occurs, students should report to a person in authority, and staff should report to a supervisor. *Board Policy: GBEBA; JHCCA*

COMPLAINTS

Staff Complaints

Any staff member who believes there is evidence of and wishes to report a violation, misinterpretation, or inappropriate application of public charter school personnel policies and administrative regulations; mismanagement, gross waste of funds; abuse of authority; or a substantial and specific danger to public health and safety caused by the actions of the public charter school should be directed to the administrator for informal discussion and resolution.

If the staff complaint is against the administrator, the complaint should be referred to the Board chair.

If the complaint is not resolved informally, formal complaint procedures may be initiated by staff by Board policy and administrative regulations.

Board Policy: GBM; KL-AR

COMPUTER USE

Staff may be permitted to use the public charter school's electronic communications system for personal use, in addition to official public charter school business, consistent with Board policy, the general use prohibitions/guidelines/etiquette, and other applicable provisions outlined in administrative regulations. Personal use of public charter school-owned computers, including internet and email access by employees, is prohibited during the employee's work hours. Additionally, employee use of public charter school-owned computers may be permitted only when such use does not violate the provisions of ORS 244.040 and use is under the same terms and conditions that access is provided to the general public under the public charter school's policy governing use of public charter school equipment and materials.

Staff who violates Board policy or administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including dismissal. Violations of law will be reported to law enforcement, and violations of applicable Teacher Standards and Practices Commission (TSPC), Standards for Competent and Ethical Performance of Oregon Educators will be reported to TSPC.

The public charter school retains ownership and control of its computers, hardware, software, and data. All communications and stored information transmitted, received, or contained in the public charter school's information system are the public charter schools' properties and are to be used for authorized purposes only. Use of public charter school equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette, and ensure that those authorized to use the public charter school's system comply with Board policy, administrative regulations, and law, school administrators may routinely review user files and communications.

Files and other information, including email, sent or received, generated, or stored on public charter school servers, are not private and may be subject to monitoring. Individuals consent to have that use monitored by authorized public charter school personnel by using the public charter school system. The public charter school reserves the right to access and disclose, as appropriate, all information and data contained on public charter school computers and public charter school-owned email systems.

Board Policy: IIBGA; OARs 584-020-0035, -0040 and -0041

CONFERENCES

Planned conferences between teachers and parents are essential to the public charter school's efforts to further understanding and close cooperation between the home and school. Parent/teacher conferences are scheduled for all students in the fall and selected students in the spring.

Conferences should be an opportunity for constructive, mutual exchange of information and ideas for the student's welfare and continued academic growth.

Occasionally, teachers or parents may arrange for conferences outside regularly scheduled conference dates to meet more immediate student needs. Teachers should be prepared to provide before or after time to meet with students as necessary.

Parents will be offered the option of virtual or in-person conferences.

COPYRIGHT

Various machines and equipment for reproducing materials to assist staff in completing their educational assignments are available.

Infringement on copyrighted material, whether prose, poetry, graphic images, music, audio recording, video, or computer-programmed materials, is a severe offense against federal law, a violation of Board policy, and contrary to ethical standards required of staff and students.

All reproduction of copyrighted materials shall be conducted strictly by applicable law provisions. Unless otherwise allowed as "fair use" under federal law, permission must be acquired from the copyright owner before reproduction of material in any form.

CRIMINAL RECORDS CHECKS/FINGERPRINTING

All newly licensed or registered educators must submit a nationwide criminal records check, including fingerprinting, by rules established by the Teacher Standards and Practices Commission (TSPC). This includes any individual registering with TSPC for student teaching, practicum, or internship as a teacher, administrator, or personnel specialist who has not submitted a criminal records check within the previous three years. Those applying for reinstatement of a license or registration that has expired for more than three years are required to submit nationwide criminal records checks and to fingerprint by the rules and procedures set forth by TSPC.

Additionally, all staff not requiring licensure or registration as a teacher, administrator, personnel specialist, or school nurse and newly hired must submit a nationwide criminal records check, including fingerprinting, as required by Board policy and Oregon law.

The public charter school may begin the employment of a subject individual on a probationary basis pending the return and disposition of the required criminal records check and fingerprinting.

Fees associated with criminal records checks and fingerprinting for individuals applying for employment with the public charter school shall be paid by the individual. Individuals may request that the amount of the fee be

withheld from the employee's paycheck. The public charter school may withhold such fees upon the individual's request.

Processing/Reporting

1. Immediately following an offer and acceptance of employment or contract, an individual subject to criminal records checks and fingerprinting shall complete the appropriate forms authorizing such checks and report to an authorized fingerprinter as directed by the public charter school.
2. Fingerprints may be collected by one of the following:
 - a. Employing public charter school staff;
 - b. Contracted agent of employing public charter school; or
 - c. Local or state law enforcement agency.
3. The authorized fingerprinter will obtain the necessary identification and fingerprinting and notify the ODE of the results. ODE will inform the public charter school of said results, and any subject it believes has knowingly made a false statement as to conviction of a crime prohibiting employment or contract will be terminated and/or will not be employed or contracted.
4. The public charter school will keep a copy of fingerprinting results.

Termination of Employment or Withdrawal of Employment Contract/Offer

1. Any individual required to submit to a criminal record check and to fingerprint by law, and Board policy will be terminated from employment or contract status, or the Executive Director: will make a withdrawal of offer of employment or contract;
 - a. Refusal to consent to criminal records check and fingerprinting; or
 - b. Notification from the Superintendent of Public Instruction that the employee has a conviction of any crimes listed in ORS 342.143 or the substantial equivalent of any of those crimes if the conviction occurred in another jurisdiction or Oregon under a different statutory name or number.

DISCIPLINE AND DISCHARGE

Discipline and dismissal of staff will follow due process and applicable law. Employment is at will and can be terminated at any time.

DRUG-FREE WORKPLACE

No staff member engaged in work in connection with a direct federal grant of \$100,000 or more shall unlawfully manufacture, distribute, dispense, possess or use on or in the workplace any narcotic drug, a hallucinogenic drug, amphetamine, barbiturate, marijuana, or any other controlled substance or alcohol, as

defined in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. Section 812) and as further defined by regulation at 21 CFR 1308.11 through 1308.15. Employees shall not report to work impaired by alcohol or other drugs.

"Workplace" means the site for performing work done in connection with a federal grant or contract. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the public charter school where work on a federal grant is performed.

The public charter school, upon determining that a staff member has engaged in the manufacture, distribution, dispensation, possession or use, on or in the workplace, of a controlled substance or alcohol or upon having reasonable suspicion of a staff member's use of a controlled substance or alcohol in the workplace, shall, pending any criminal drug statute conviction for a violation occurring in the workplace, take action concerning the employee determined to be appropriate. Such action may include transfer, granting of leave with or without pay, suspension with or without pay, or dismissal.

Board Policy: GBEC – Drug-Free Workplace

EMERGENCY CLOSURES

In the event of hazardous weather or emergency conditions, you will be notified by the Executive Director of school closures, delayed school openings, or early dismissal of students. Notification can be a phone call or a text message. In addition, closure information will be posted on the Luckiamute Valley Facebook page.

Salaried staff's pay shall not be docked for missed days, provided such days may be made up at the option of the Board to incorporate the total number of teaching days without additional compensation.

EMERGENCY PROCEDURES AND DISASTER PLANS

All staff will be provided with a copy of the public charter school's emergency procedures plan to detail staff responsibilities in the event of such emergencies as disorderly behavior, unlawful assembly, disturbances at school activities, natural disasters, fire, safety threats, illness or injury of a student or staff member and the authorized use of force on school property.

Copies of the emergency procedures plan will be available in the school office and other strategic locations throughout the building.

EVALUATION OF STAFF

The purpose of the public charter school's evaluation is to aid the teacher in making continued professional growth and to determine the teacher's performance of the teaching responsibilities. The public charter school's program also assesses classified employees and the current performance of their job assignments.

The public charter school's program is designed to provide an opportunity for staff to set goals and objectives and receive administrator responses to them; to have peer assistance to aid teachers to better meet the needs of students, as appropriate; to have formal and informal observations to assess the performance of duties and job responsibilities; to receive verbal and written comments and suggestions for improvement from supervisors; to have opportunities to improve (s) within specific timelines.

The evaluation program also provides a tool for administrators responsible for recommending promotion, demotion, contract renewal or nonrenewal, dismissal, and discipline.

Licensed staff evaluations shall be based on the core teaching standards adopted by the Oregon State Board of Education. Licensed staff will be formally evaluated, by the Executive Director, on a two-year cycle. Evaluations will be based on at least two observations and other relevant information developed by the public charter school.

Classified staff will be formally evaluated, by the building Principal, during their first year with the public charter school and every two years thereafter.

Copies of the public charter school's evaluation procedures will be provided to all staff. All staff will be evaluated by established Board policy applicable to public charter school evaluation procedures and Oregon law.

FEDERAL FAMILY AND MEDICAL LEAVE ACT (FMLA)/OREGON FAMILY LEAVE ACT(OFLA)/MILITARY FAMILY LEAVE ACT (MFLA)/OREGON MILITARY FAMILY LEAVE(OMFLA)

Employees should review policy GCBDA/GDBDA - Family Medical Leave and administrative regulations.

Eligibility

By federal law, staff members employed by the public charter school for the previous 12 months and who have worked at least 1,250 hours during the year preceding the leave may be eligible for FMLA leave. Staff members employed by the public charter school at least 180 days before the first day of the family medical leave of absence and who have worked an average of 25 or more hours per week may be eligible for OFLA leave. There is no minimum average number of hours worked per week when determining employee eligibility for parental leave under OFLA.

Length/Purpose of Leave

Employees eligible for FMLA leave under federal law and/or OFLA leave under state law are entitled to take 12 work weeks of leave within a 12-month period for the following:

1. Birth of the employee's child and for bonding with a newborn (eligibility expires 12 months after the birth);

2. Placement of a child with the employee for adoption or foster care or bonding with a newly placed child when the child is under 18 years of age (eligibility expires 12 months after placement) or when a child older than 18 is incapable of self-care because of mental or physical disability;
3. Care of a family member with a serious health condition;
4. The staff member's serious health condition;
5. Eligible employees may take FMLA leave for qualifying exigency while the employee's spouse, son, daughter, or parent is on covered active duty or called to covered active duty status during the deployment with Armed Forces to a foreign country (C.F.R. sections 825.126(a)(1 and 2); Federal Register Vol. 78, No. 25, Page 8917);
6. Injured Service Member Leave allows an employee leave to care for a covered service member who is the employee's spouse, son, daughter, parent, or next of kin who has been injured in the line of duty as a member of the Armed Forces;
7. State law allows employees to take leave to care for a sick or injured child who requires home care but is not suffering from a severe health condition. The public charter school is not required to grant leave for routine medical or dental appointments (OFLA only);
8. State law allows employees to take leave for the death of a family member to attend the funeral or alternative to a funeral of the family member, make arrangements necessitated by the death of the family member, or grieve the death of a family member (OFLA only);
9. Military Family Leave allows leave for a spouse of a military personnel per each deployment of the spouse when the spouse has either been notified of an impending call to active duty, has been ordered to active duty, or has been deployed or on leave from deployment (OFLA only).

Contact the personnel director for additional information regarding the length of leave, intermittent leave, and alternative duty assignments under state and federal law and provisions governing two family members eligible for FMLA or OFLA leave.

A serious health condition is defined differently under federal and state law. Contact the personnel office for details.

Contact the personnel office for additional information regarding the Military Family Leave Act (MFLA)/Oregon Military Family Leave Act (OMFLA).

Calculating the 12-Month Period for Leave

The public charter school will use the same method for calculating the 12-month period in which the 12 workweeks FMLA and OFLA leave entitlement occurs for all employees. The public charter school will use a "rolling" 12-month period measured backward from when the employee uses any family and medical leave.

Leaves to care for covered service members has their 12-month year beginning on the first day of leave regardless of the public charter school's method of calculating the 12-month period for leave.

Paid/Unpaid Leave

Family leave under federal law is generally unpaid. Under state law, employees can access any accrued paid leave, including paid sick leave for any OFLA qualifying event. Contact the personnel director for information on accessing any accrued paid leave for a qualifying event.

The public charter school will notify the employee that the requested leave has been designated as FMLA and/or OFLA leave, and if the public charter school requires, that accrued paid leave shall be used during the leave period. Suppose the public charter school is aware of an OFLA qualifying exigency. In that case, the public charter school shall notify the employee of the intent to designate the leave as such regardless of whether the employee has made a request. Such notification will be given to the employee before the commencement of the leave or within two working days of the employee's notice of an unanticipated or emergency leave.

When the public charter school does not have sufficient information to decide whether the leave qualifies as FMLA or OFLA leave, the public charter school will promptly provide the required notice when the information is available but no later than two working days after the public charter school has received the information. Oral statements will be confirmed in writing no later than the subsequent payday.

Application

Staff members requesting FMLA and/or OFLA leave shall submit a written request to the public charter school at least 30 days before the anticipated leave date if the leave is foreseeable based on planned medical treatment. The notice shall include the requested leave's expected starting and ending dates and an explanation of the need for the leave. Staff members are expected to schedule treatment, including intermittent leave and reduced hours, not unduly disrupt the operation of the public charter school.

Suppose advance notice of FMLA leave, under federal law, is impossible, for example, due to a change in circumstances or medical emergency. In that case, notice must be given as soon as practicable. "As soon as practicable" means at least oral notification within one or two business days when the leave becomes known to the employee.

Failure to provide the required notice for FMLA leave may result in the public charter school delaying the staff member's leave for up to 30 days after the notice is ultimately given.

If advance notice of OFLA leave is not possible due to an unanticipated or emergency leave situation, an oral or written statement is required within 24 hours. The public charter school realizes there may be circumstances when it is impossible to provide a 24-hour notice. Therefore, the staff member may designate a family member or friend to notify the public charter school during that period. In either case, proper documentation must be submitted within three working days of the employee's return to work.

Failure to provide the required notice for OFLA leave may result in the public charter school deducting up to three weeks from the staff member's leave period.

Medical Certification

Staff members applying for FMLA and/or OFLA leave shall be required to provide medical documentation when appropriate to support the request for leave, other than to care for a child who needs home care due to the closure of the child's school or childcare provider because of a public health emergency. The public charter school will notify employees of this requirement within five working days of the staff member's request for leave. If the employee provides more than 30 days' notice, they must submit such medical certification before the beginning of the leave. Suppose the staff member offers less than 30 days' notice. In that case, it is required to submit such medical certification no later than 15 calendar days after receipt of the public charter school's notification that a medical certificate is required.

Under state law, the public charter school may require a second opinion and designate the health care provider. Should the two views conflict, the public charter school may need a third opinion, and the two providers assign a third health care provider. The third opinion will be final. The public charter school will pay for the second and third opinions and the travel expenses for a staff member to obtain such an opinion.

If the leave is for an employee's serious health condition, they may also be required to provide a fitness-for-duty medical release from the health care provider before returning to work.

The public charter school may require a staff member using OFLA leave to care for a sick child to provide medical certification after more than three days of such leave in a one-year period. They will pay the cost of the medical certificate not covered by insurance or other benefit plans.

Continuation of Health Insurance Benefits

Under federal and state law, group health insurance benefits and premium payments must be continued on the same basis as coverage would have been provided and premiums paid in the absence of the leave. The public charter school will continue to pay the public charter school's contribution toward the employee's compensation. The employee will continue to pay the employee's share of premiums if any. A 30-day grace period will be allowed for receipt of employee contributions. The public charter school's obligation to maintain the employee's benefits will cease if the employee's

contribution is more than 30 days late. The public charter school will provide written notice that the premium payment is more than 30 calendar days late. Such information will be delivered within 15 calendar days before coverage ceases.

Return to Work

Following an FMLA or OFLA leave, a staff member is generally entitled to be returned to their former position or an equivalent job with equivalent benefits, pay, and other terms and conditions of employment, with certain exceptions. See the personnel director for details of this or any other FMLA or OFLA leave provision.

FUNDRAISING

All fund-raising activities must be conducted under the direct supervision of staff or other authorized individuals and approved by an administrator before the action is initiated.

Staff and students should take all reasonable precautions to ensure the security of any items/materials/products being sold. Staff members are directed to follow established building procedures for depositing funds collected. At no time should money collected be allowed to accumulate in classrooms, lockers, or other unsecured areas.

GUEST SPEAKERS/CONTROVERSIAL SPEAKERS

Teachers may use guest speakers from time to time when such use is consistent with educational goals and demonstrably related to the curricular or co-curricular activity in which the participating students are involved.

Teachers should submit the Guest Speaker Form to the Executive Director for approval before the presentation, with the presentation's date, time, and nature. *The form is located in your staff binder.*

Teachers responsible for inviting a particular guest speaker to have the right and obligation to interrupt or suspend the presentation if the conduct or content presented is in poor taste or endangers the health and safety of students or staff.

Guest speakers should check in at the office as a visitor before going to the classroom.

HAZING/HARASSMENT/INTIMIDATION/BULLYING/MENACING/CYBERBULLYING

Hazing, harassment, intimidation, bullying, menacing, or acts of cyberbullying of or by students, staff, or third parties toward staff is strictly prohibited and shall not be tolerated by the public charter school. Staff violating this policy will be subject to discipline up to and including dismissal. Individuals may also be referred to law enforcement officials, and staff will be reported to the Teacher Standards and Practices Commission (TSPC). Students will be subject to discipline up to and including expulsion.

An employee who knows of conduct violating Board policy JFCF – Hazing/Harassment/Intimidation/Bullying/Menacing/Cyberbullying/Teen Dating Violence/Domestic Violence – Student shall immediately report their concerns to the designated public charter school official.

Failure of an employee to report an act of hazing, harassment, intimidation, bullying, menacing, cyberbullying, or teen dating violence of a student to the designated public charter school official may be subject to remedial action, up to and including dismissal.

HEALTH INSURANCE

It is the sole responsibility of all eligible employees to complete the necessary enrollment procedures in the time frame given by the business office.

Insurance plan information and rates for covered employees are available from the business office. Coverage is based on your contract. You may opt out and receive compensation if you are covered in another plan. You will need to provide proof of insurance and fill out an opt-out form annually.

The public charter school will safeguard employees' protected health information from use or disclosure that may violate standards and implementation specifications to the extent required by law.

Health Insurance Portability and Accountability Act (HIPAA)

INJURY/ILLNESS REPORTS

All injuries/illnesses sustained by the employee while in the actual performance of the duty of the employee, occurring on public charter school property or during school-sponsored activities, including field trips and other away events, are to be reported to the designated safety officer, immediately.

A completed injury/illness report form must be submitted to the safety officer within 24 hours or the next scheduled public charter school workday, as appropriate.

Suppose an employee's work-related illness injury results in overnight hospitalization for medical treatment other than first aid. In that case, the safety officer will report the incident to the Oregon Occupational Safety and Health Administration (OR-OSHA) within 24 hours as required. Fatalities or catastrophes will be reported to OSHA within eight hours.

An injury or illness is work-related if an event or exposure in the work environment caused, contributed to, or significantly aggravated the preexisting condition. Medical treatment includes managing or caring for a patient to combat disease or disorder. The following are not considered medical treatment: visits to a health care professional solely for observation or counseling; diagnostic procedures including administering prescription medications used solely for diagnostic purposes; and any procedure that can be labeled first aid. A "catastrophe" is an accident in which two or more employees are fatally injured, or three or more employees are admitted to a hospital or equivalent medical facility.

All work-related injuries/illnesses will be promptly investigated and corrective measures implemented, as appropriate.

Board Policy: EBB

LESSON PLANS

Teachers are expected to prepare lesson plans, which establish lesson objectives, summarize classroom activities, and provide for daily monitoring of student progress.

Prepared lesson plans to cover one day shall be submitted to the office manager for any unforeseen or emergency absences.

LICENSE /REGISTRATION REQUIREMENTS

For all positions that require licensing, the public charter school must be able to verify the current license/registration of those offered employment. Each licensed/registered staff member must keep their license/registration and all endorsements current and submit them to the business office. Teachers are cautioned that failure to maintain license/registration and endorsements may invalidate their contract with the public charter school.

MATERIALS DISTRIBUTION

Requests of staff by individuals or groups to distribute pamphlets, booklets, flyers, brochures, and other similar materials to students for classroom use or to take home are to be referred to the Director. The materials and proposed distribution method will be reviewed, and a decision will be made based on the educational concerns and interests of the public charter school.

MEETINGS

Licensed staff is expected to attend staff meetings unless prior arrangements have been made with the Executive Director. Staff members are expected to schedule their time accordingly to not conflict with these meetings. Classified staff will be on “as needed” basis.

Refer to the Work Schedule Calendar on page 2

PAID FAMILY MEDICAL LEAVE INSURANCE

The public charter school participates in Paid Family and Medical Leave Insurance (PFMLI) and Paid Leave Oregon (PLO). This includes submitting employee and employer contributions to the Employment Department (“Department”) as required by state law. The public charter school does not administer PFMLI or PLO. All applications and questions should be directed to the Department.

Leave

PLO can be used for family leave, medical leave or safe leave. Up to 12 weeks of paid leave can be taken per benefit year. Leave can be taken in one-day increments and can be consecutive or nonconsecutive.

Any family leave or medical leave taken under PLO must be taken concurrently with any leave taken by an eligible employee under ORS 659A.150 - 659A.186 (OFLA) or under the federal Family and Medical Leave Act of 1993 (P.L. 103-3, FMLA) for the same purposes.

The public charter school will maintain an employee’s existing health benefits while the employee is using leave. The employee will be required to pay the employee’s contribution to premiums.

Application

Employees may submit applications for Paid Leave Oregon (PLO) to the Oregon Employment Department (“Department”). Applications may be submitted up to 30 days prior to the start of the leave and up to 30 days after the start of the leave. The Department may require verification from the employee. The Department will make all decisions regarding acceptance and denial of an application, including determining the amount of the benefit. The public charter school cannot accept, file, process or make decisions on applications.

An employee may appeal an approval or denial of claim, the amount of a weekly benefit or a disqualification from receipt of benefits to the Department in accordance with Oregon Revised Statute (ORS) 657B.010 https://oregon.public.law/statutes/ors_657b.010 and Oregon Administrative Rule (OAR) 471-070-8005. <https://secure.sos.state.or.us/oard/viewSingleRule.action?ruleVrsnRsn=296574>

Employee Notice to Public Charter School

If the leave is foreseeable, the employee must provide the public charter school with written notice at least 30 calendar days prior to the leave. If the leave is not foreseeable the employee must give oral notice to the public charter school within 24 hours of the start of the leave, and must provide written notice within 3 days after the start of leave. The public charter school requests as much advanced notice as possible.

The notice must include:

1. The employee's first and last name;
2. Type of leave;
3. Explanation of the need for leave; and
4. Anticipated timing and duration of leave, including if it is continuous or intermittent.

Notice need only be given one time, but the employee shall notify the public charter school as soon as practicable if dates of scheduled leave change, are extended, or were initially unknown. This notice does not need to mention PFMLI or PLO to satisfy the notice requirements.

Failure to comply with these notice requirements may result in a penalty imposed by the Department. The Department may reduce the amount of the benefit by 25 percent in accordance with OAR 471-070-1310(9)-(10).

Concurrent Use of Public Charter School-Provided Paid Leave

The public charter school allows employees to use employer-provided paid leave in addition to receiving PLO benefits to replace an employee's wages up to 100 percent of the eligible employee's average weekly wage. Example:

An employee applies and is approved for PLO for a personal serious medical condition. The Department determines that the rate of pay will be 75 percent of the employee's regular salary. The employee will be allowed to use available charter school-provided paid leave (sick, vacation or otherwise) for days that PLO is received, but is limited to only utilizing an amount that increases the employee paid leave to 100 percent of regular payment. In this example, the amount would be 25 percent.

Return to Work

Upon completion of leave, the employee is entitled to return to the position held in the public charter school prior to the leave, if that position still exists and if the employee had been employed in the public charter school for 90 days prior to taking leave. If the position no longer exists, the employee is entitled to a position equal to their previous position, with equal benefits, pay and other terms and conditions of employment. If the position no longer exists, the employee may be placed in a different position with similar job duties and benefits and pay equal to the previous position.

Communications Between the Public Charter School and the Department

Upon receipt of an application or update in information from a public charter school employee for PLO, the Department will notify the public charter school. The public charter school may provide additional information to the Department within 10 days. This information may include, but is not limited to, information about the employee's notice to the public charter school or verification of the employee's continued employment with the public charter school. If the public charter school does not report such information to the Department, the Department will proceed using available information. The public charter school can provide additional information to the Department as it becomes available.

If the Department requests additional information from the public charter school, the public charter school will respond within 10 calendar days.

Once the Department has issued a decision regarding an application submitted by an employee of the public charter school, the Department will notify the public charter school regarding the approval or denial and any applicable dates and periods of leave. The public charter school cannot appeal a Department decision.

Public Charter School Notice to Employees

At the time of hire and each time the policy or procedure changes, the public charter school must provide notice to employees. This notice must be in the language that the employer typically uses to communicate with employees and will include:

5. The right of an eligible employee to claim and receive family and medical leave insurance benefits;
6. The procedure for filing a claim for benefits;
7. That an eligible employee must provide notice to the public charter school before the employee commences leave, and a description of the penalties for failure to comply with the notice requirements;
8. The right of an eligible employee to job protection and benefits continuation;
9. The right of an eligible employee to appeal a decision or determination made by the Department director;
10. That discrimination and retaliatory personnel actions against an employee for inquiring about the PFMLI or PLO, taking leave under the program or claiming PFMLI or PLO benefits are prohibited;
11. The right of an employee to bring a civil action or to file a complaint for violation of ORS 657B.060 or 657B.070; and
12. That any health information related to family leave, medical leave or safe leave provided to an employer by an employee is confidential and may not be released without the permission of the employee unless state or federal law or a court order permits or requires disclosure.

The public charter school will display this notice in an area that is accessible to and regularly frequented by employees in each building or worksite. The public charter school will provide this notice to employees working remotely by hand delivery, regular mail or through an electronic delivery method at the time of hire or assignment to remote work.

Employee Protections

No employee or prospective employee will be discriminated or retaliated against for inquiring about PFMLI or PLO, giving notification of leave under PLO, taking PLO leave or claiming PLO benefits. Eligible employees have a right to file a complaint and/or bring a civil action for violations of ORS 657B.060 or ORS 657B.070.

Any health information related to family leave, medical leave or safe leave provided to the public charter school by an employee is confidential and may not be released without the permission of the employee unless state or federal law or a court order permits or requires disclosure.

PARENTAL RIGHTS/SURVEY

Staff is advised that parents of students may inspect any survey created by a third party before the survey is administered or distributed by the school to students. Parents may also review any survey administered or distributed by the public charter school containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally-recognized privileged or analogous relationships such as those of lawyers, physicians, or ministers;

A student's personal information (name, address, phone number, social security number) will not be collected, disclosed, or used for marketing or selling that information without prior notification. A student's parents or a student 18 years or older will be allowed to inspect any instrument used to collect such information and will be released only with permission.

Instructional materials used as part of the school's curriculum may also be reviewed by the student's parent(s). Requests to review materials or to excuse students from participation in these activities, including any nonemergency, invasive physical examination, or screenings administered by the school and not otherwise permitted or required by state law, should be directed to the office during regular school hours.

Board Policy: KAC, KAB-AR

PARTICIPATION IN POLITICAL ACTIVITIES

Staff members may exercise their right to participate fully in affairs of public interest on a local, county, state, and national level on the same basis as any citizen in public or private employment and within the law.

Within the limitations imposed by state and federal laws and regulations, staff members may choose any side of a particular issue and support their viewpoints as they desire by vote, discussion, or persuading others. Such debate and persuasion, however, may not be carried on during the performance of public charter school duties, except in open discussion during classroom lessons that consider various candidates for a particular office or multiple sides of a specific political or civil issue consistent with public charter school curriculum and assigned duties.

On all controversial issues, staff members are expected to make clear that the viewpoints they represent are personal and are not to be interpreted as the public charter school's official viewpoint.

No staff member may use public charter school facilities, equipment, or supplies in connection with their campaigning, nor may they use them anytime during the working day for campaign purposes.

PERSONAL ELECTRONIC DEVICES AND SOCIAL MEDIA

Staff possession or use of personal electronic devices on public charter school property, in public charter school facilities during the workday, while the staff is on duty, including duty in attendance at public charter school-sponsored activities, may be permitted subject to the limitations in Board policy and consistent with any additional rules as may be established by the Executive Director. At no time, whether on duty or off duty, will a personal electronic device be used in a manner that interferes with staff duty and responsibility for the supervision of students.

A "personal electronic device" is a device that is capable of electronically communicating, sending, receiving, storing, recording, and displaying information and data.

Personal electronic devices shall be silenced during instructional or class time, while on duty, or at any other time where such use of the device would cause a disruption of school activities or interfere with work assignments. Devices that can take photographs or video shall not be used for such purposes while on school property or while a staff member is on duty in public school-sponsored activities unless expressly authorized by the Executive Director. Computers, tablets, iPads, or similar devices brought to school will only be restricted to the classroom or instructional-related activities. The public charter school will not be liable for loss or damage to personal electronic devices brought to public charter school property and public charter school-sponsored activities.

While on duty and off duty, staff members will utilize social network sites, public websites, and blogs judiciously by not posting confidential information about students, staff, or public charter school businesses. While on duty and off duty, staff members will respectfully treat fellow employees, students, and the public while posting to prevent substantial school disruption. Communication with students using personal electronic devices will be appropriate and professional. Contact with students using personal electronic devices regarding non-school-related matters is prohibited during work hours and strongly discouraged at all other times. If communicating with students electronically regarding school-related issues, staff should use public charter school email mailing lists for a group of students rather than individual students. Texting students during work hours is prohibited. Texting students while off duty is strongly discouraged.

With administrator approval, exceptions to the prohibitions may be made for educational, health, safety, or emergency reasons.

Staff is subject to disciplinary action up to and including dismissal for using a personal electronic device in any manner that is academically dishonest, illegal, or violates the terms of the policy. Staff actions on social network sites, public websites, blogs, and other social media, while on or off duty, which disrupts the public charter school environment, are subject to disciplinary action up to and including dismissal. A "disruption" for purposes of this policy includes but is not limited to; one or more parents threatening to remove their children from a particular class or school, actual withdrawal of a student or students from a specific class or particular school, and/or a threatened or actual negative impact on the learning environment. The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise – commonly called texting, sexting, emailing, etc. – may constitute a crime under state and federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, or otherwise illegal images or photographs will be reported to law enforcement and other appropriate state or federal agencies.

Federal Procedures

The public charter school will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action this policy would prohibit. *See* JBA/GBN-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, by electronic mail, or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report. The report can be made at any time.

The Title IX Coordinator is responsible for effectively implementing supportive measures.

STAFF INVOLVEMENT IN COMMUNITY ACTIVITIES

The public charter school encourages all staff to participate in community activities that improve the general welfare of the community, state, and nation as their objectives.

STAFF/PARENT RELATIONS

The public charter school encourages parents to be involved in their student's school experience. Teachers are advised that unless otherwise ordered by the courts, an order of sole custody on the part of one parent does not deprive the other parent of certain rights. It is the responsibility of the parent with sole custody responsibility to provide to the public charter school any court order that curtails the noncustodial parent's rights.

A noncustodial parent may receive and inspect the school records about their student and consult with teachers concerning their student's welfare and education. Unless provided by court order or a parental plan, a student shall not be released to a noncustodial parent, nor shall the noncustodial parent be granted visitation or phone access during the school day.

In the case of joint custody, in writing, the parents are responsible for providing the public charter school with any special requests or clarifications concerning the student and the public charter school's relationship and responsibilities. Such information will be maintained on file in the office and provided to staff as appropriate.

Staff members with questions regarding custodial and/or noncustodial parent rights concerning a particular student should contact the office.

SUPERVISION OF STUDENTS

Staff members are responsible for the supervision of all students while in school or engaged in school-sponsored activities.

All staff are expected to be in their classrooms before the arrival of students.

Under no circumstances are classrooms or other areas where students are under the supervision of assigned staff to be left unattended while students are present. Staff who may need to temporarily leave the classroom or their assigned duties in an emergency while students are present are expected to contact the office to arrange for temporary coverage.

No other staff member may leave their assigned group unsupervised except as appropriate supervision arrangements have been made to take care of an emergency.

VISITORS

Students cannot bring visitors to school without the administrator's approval.

Staff members are expected to report any unauthorized person on school property to the administrator. Visitors must check in at the school office and wear a visitor's badge while in the school.

VOLUNTEERS/CHAPERONES

The public charter school encourages the constructive participation of groups and individuals in the school to perform appropriate tasks during and after school hours under the direction and supervision of staff. Every effort should be made to use volunteer resources to ensure maximum contribution to students' welfare and educational growth.

Staff members interested in securing the services of a volunteer or with names of individuals expressing an interest in volunteering should contact the office.

As determined by the district, any volunteer with direct, unsupervised contact with students shall undergo an Oregon criminal records check.

Volunteers must fill out the appropriate paperwork and follow the procedures for working with students or supervising on a field trip. A list of approved volunteers will be made available in the office, or you can access it from google drive.

STUDENT OPERATIONAL PROCEDURES

DRUG, ALCOHOL, AND TOBACCO PREVENTION, HEALTH EDUCATION

Students have a right to attend school in an environment conducive to learning. The public charter school will not tolerate the possession, sale, or use of unlawful and harmful drugs (illicit drugs, nontherapeutic use of prescribed medications, misuse of solvents and other dangerous substances and drug paraphernalia), alcohol or tobacco in the schools, on public charter school property, on a school bus or while participating in any public charter school-sponsored activity, whether on public charter school property or at sites away from public charter school property.

An age-appropriate drug, alcohol, and tobacco prevention curriculum is provided for all students in grades K-8 as a part of the health education curriculum.

Each year, the administrator develops a planned staff development and public information program that addresses the needs and responsibilities of the entire staff. The program includes current basic drug, alcohol, and tobacco information and explains public charter school drug, alcohol, and tobacco policies, procedures, and programs. The input of staff in planning and implementing the public charter school's staff development and general information program is encouraged to ensure a drug, alcohol, and tobacco program that best meets the needs of public charter school students.

GRADING

The evaluation of student progress is the primary responsibility of all teachers. The highest possible level of student achievement is a common goal of both the public charter school and the parents. Regular communication with parents is essential as a close working relationship between the public charter school and parents is essential to accomplishing this goal.

Middle School teachers are expected to report twice per grading periods, and K-5 teachers once per grading period about their students' progress toward their meeting or exceeding grade-level academic content standards to the students and their parents. Parents will receive reports on their student's absences.

Teachers should use various communication devices, including telephone and personal conferences and written grade reports to keep parents well informed. At the beginning of the grading period, students and parents are informed regarding the basis of the grades and the methods to be used in determining grades.
